

## Teaching Goals Inventory and Self- Scorable Worksheet

TEAGLE COLLEGIUM: Please fill out the questionnaire below with respect to the most basic (i.e., lowest level) undergraduate course you teach. If you are confused about how to score it, we'll talk about it at the meeting.

*Purpose:* The Teaching Goals Inventory (TGI) is a self-assessment of instructional goals. Its purpose is threefold: (1) to help college teachers become more aware of what they want to accomplish in individual courses; (2) to help faculty locate Classroom Assessment Techniques they can adapt and use to assess how well they are achieving their teaching and learning goals; (3) to provide a starting point for discussions of teaching and learning goals among colleagues.

*Directions:* Please select ONE course you are currently teaching. Respond to each item on the Inventory in relation to that particular course. (Your responses might be quite different if you were asked about your overall teaching and learning goals, for example, or the appropriate instructional goals for your discipline.)

Please print the title of the specific course you are focusing on:

Please rate the importance of each of the fifty-two goals listed below to the specific course you have selected. Assess each goal's importance to what you deliberately aim to have your students accomplish, rather than the goal's general worthiness or overall importance to your institutions mission. There are no "right" or "wrong" answers, only personally more or less accurate ones.

For each goal, circle only one response on the 1-to-5 rating scale. You may want to read quickly through all fifty-two goals before rating their relative importance.

In relation to the course you are focusing on, indicate whether each goal you rate is:

- |                    |   |
|--------------------|---|
| (5) Essential      | a goal you always/ nearly always try to achieve |
| (4) Very important | a goal you often try to achieve                 |
| (3) Important      | a goal you sometimes try to achieve             |
| (2) Unimportant    | a goal you rarely try to achieve                |
| (1) Not applicable | a goal you never try to achieve                 |

Rate the importance of each goal to what you aim to have students accomplish in your course.
